

UP for Learning

Unleashing the Power of Youth-Adult Partnership

THE CHALLENGE: Vermont is losing the potential of too many of our young people by allowing a widening opportunity gap to limit their possibilities.

SINCE 2008...

UP has worked with **44%** of Vermont middle schools and **95%** of Vermont high schools in all 14 counties

Nearly **2,700** youth have taken on active leadership roles in at least one of UP's initiatives.

UP has trained student leaders through **334 programs** in a total of **113 Vermont schools**

Over **110** educators have completed an UP graduate course.

UP for Learning empowers youth to innovate, collaborate & lead

UP for Learning is a nonprofit dedicated to amplifying the role of youth as partners and agents of change in education to ensure that youth:

- **Own their learning**
- **Participate actively in school change**
- **Have personal power and purpose**
- **Possess leadership skills**
- **Are civically engaged**

To achieve these outcomes, UP for Learning crafts innovative, student-centered education initiatives and supports schools with customized training, coaching, graduate courses, professional development, and online resources. We are an active contributor to national and international efforts to put students at the center of their education.

"I was reminded of how much power we have as individuals to **change our own world and the world of others...for the better.**"

“When people ask me for an example of high-quality work on student voice and youth-adult partnerships, I always send them to UP for Learning.
