6TH ANNUAL POWER²

Youth and Adults Shaping Vermont Education Together

a summit to inform, inspire and move us to action

Friday, May 15, 2020 | 9 am–2 pm | Saint Michael's College, Colchester, Vermont

Register a youth-adult team for this summit if you would like answers to these questions:

- What does it look and sound like when young people partner with adults as they shape their educational experience?

- What does it look and sound like when young people — in partnership with adults — speak out on issues of social justice?

- What are our next steps to address the youth-adult relationship in our school, ensuring that both power and responsibility in learning and education are shared?

- What are our next steps to elevate youth voice and foster youth-adult partnership on issues of social justice in our communities?

If you would like to offer a workshop, please contact Harry Frank at UP for Learning (harry@upforlearning.org) for the Request for Proposals form.

UP for Learning

Unleashing the Power of Partnership for Learning

This year, the Power2 Summit is partnering with the **Transforming Schools Together! Reconnecting with our Best Selves Through a Holistic Restorative Approach** First Annual Conference.

This two-day event will provide the opportunity for youth and adults to share stories, build community and expand skills and knowledge related to restorative practices, mindfulness, equity, social-emotional learning, and healing.

The Power2 Summit will showcase examples of youth voice and youth-adult partnership in learning and decision making at the individual and school level, as well as in social justice issues on a local, state, and national level.

Come be part of a highly interactive day designed to inform and promote voice, dialogue, and partnership through presentations and networking. This conference is for middle and high school students, teachers, administrators, school board members, and other individuals partnering in school change efforts.
