

7th Annual Power2 Summit
Transforming Education Together
November 18, 2020 / 9am-12pm

Request for Sharing Sessions
DUE Friday, October 23, 2020

The Power2 Summit planning committee invites Sharing Sessions from students, teachers, school teams, educational organizations and other community members that demonstrate the power of youth voice and youth-adult partnership in education. It is our goal for participants to see, hear, and feel the power of youth voice and youth-adult partnership and learn tools and practices that can be used in their own learning, schools, agencies, and communities.

All Sharing Sessions must be co-facilitated by youth and adults.

Please consider the following questions while planning your Sharing Session

- What does it look and sound like when young people use their voices and partner with adults as they shape their educational experience?

- What does it look and sound like when young people - in partnership with adults - speak out on issues of social justice and sustainability?

- What are our next steps to address the youth-adult relationship in our school, ensuring that power, responsibility, and joy in learning and education are shared equitably?
- What are our next steps to elevate youth voice and foster youth-adult partnership on issues of social justice and sustainability in our communities?

This is an excellent opportunity for youth and adult partnership teams to share their plans for the year, their past and current work, their stories, and their ideas for the future.

Sharing Sessions are 45 minutes. Please complete the following form by Friday October 23rd, and return it to Harry Frank, Program Director at UP for Learning at harry@upforlearning.org

We will stay in touch with you to coordinate the details of your Sharing Session. Please don't hesitate to contact Harry if you have any questions, changes, or concerns.

Generous support from the Nellie Mae Education Foundation will help make the Power2 Summit possible.
