As we navigate this new landscape for learning together, we are looking forward to gathering youth and adults from around the state, nation and world for our 7th Power² Summit: Youth and Adults Transforming Education Together. We hope you will join us.

For the first time, we will convene remotely in the fall to celebrate the power of youth voice and youth-adult partnership as we share our experience, ideas and strategies for transforming learning.

This is our opportunity for youth and adult partnership teams to share their plans for the year, their past and current work, their stories, and their ideas for the future.

There is no charge for the Summit. Registration and more information coming soon! Please share this invitation with your community.
