

SPOTLIGHT: Getting to 'Y': Thetford Academy Photo Story

Thetford Academy (TA) joined Getting to 'Y' (GTY) for the first time this year by forming two new clubs. Middle and high school youth joined the school's Student Assistance Provider for a year of learning, fun, community engagement and action. The two clubs met weekly throughout the year, using a mix of in person and virtual meetings. They made a point of starting and ending each meeting with activities, such as sharing a 'rose, thorn and pickle' from their week. that helped them get to know each other and form a true team bond. Despite being from different grade levels and social groups, the members of each GTY team clearly felt a sense of belonging and commitment to each other and to their group, as well as to the greater TA community. This is a look at their year.

Middle & High School Teams

What is Getting to 'Y'?
Getting to 'Y' focuses on youth bringing meaning to the Youth Risk Behavior Survey (YRBS). Teams will look at the YRBS data and take steps to make positive change in our school and community.

Why should I join?

- Make a difference in your community
- Have your voice be heard
- Build leadership skills
- Work with students from around VT
- Possible academic credit
- It's FUN!

How do I get involved?
Fill out this form by **Oct 25** to sign-up:

Youth Risk Behavior Survey
2019 Results

November 2020 - TA middle school and high school teams attend virtual/in-person hybrid trainings with UP for Learning youth and adult facilitators Astrid, Maisie, Sharon and Xander

December 2020: Teambuilding, preparing remote and in-person materials and recruiting peers for the Data Analysis Retreat

High Schoolers...

\$5 Dunkin' Gift Card! All you have to do is help the TA High Schoolers and Y team this Thursday look at data.

What is it?

- Spend two hours looking at the results of the Youth Risk Behavior Survey (YRBS). You will discuss and decide what you are most concerned about in our community, and what our community strengths are. Then we will share the results with our administrators, teachers, and community leaders to shape further action.

When?
